

Heat Pump Rebates

At Sulphur Springs Valley Electric Cooperative (SSVEC) we are concerned with our environment, and we value our members. We don't mind if you buy less energy and are offering rebates to help save you money and keep you comfortable!

Our current rebates:

System	Description	Requirements	Amount
Package Heat Pump	Includes air handler and compressor in one unit, connected to home's ductwork	• All electric • 14.3 SEER2/6.7 HSPF2 minimum	\$500
Split System Heat Pump	A whole home system with an air handler with duct work and the compressor separate.	• All electric • 15.2 SEER2/7.5 HSPF2 minimum	\$500
Ductless Heat Pump	Split units with heads in various rooms and a separate compressor(s). They have no air handler with ductwork.	• All electric • 2 ton minimum • 15.2 SEER2/7.5 HSPF2	\$500
Dual Fuel	Electric heat pump <u>paired</u> with gas furnace	• 15.2 SEER2/7.5 HSPF2 • 81% minimum efficiency • Outside thermistor must be set at 30 degrees with contractors signature	\$200

****Must be submitted within 60 days in installation****

Fill out form, attach receipt invoice, and any other documentation and return to your local SSVEC office or email to rebates@ssvec.com within 60 days.

We can also offer a free energy audit. If you are interested, please email energyaudit@ssvec.com or call (520) 515-3497.

Federal Incentives You may even be able to claim a tax credit for some of the costs of buying and installing a heat pump. Visit: www.energystar.gov

Sulphur Springs Valley Electric Cooperative, Inc.

OWNED BY THOSE WE SERVE

A Touchstone Energy® Cooperative
